

ACPM Symposium 2009

Thursday, September 03, 2009, 9:00 AM – 1:00PM

Opening: Gu Xu, Material Sciences and Engineering, ACPM President

Speakers: (in the order of presentation)

- 1. Jianping Xu, Biology**
Evolution biology, fungi discovery in China
- 2. Shiping Zhu, Chemical Engineering**
Introduction to chemical engineering,
- 3. Max Wong, Electrical and Computer Engineering**
Signal processing in Radar/Sonar, EEG/ECG
- 4. Bonny Jung, Rehabilitation, occupational therapy**
Introduction of Rehabilitation therapy at McMaster
- 5. Yufei Yuan, School of Business**
Mobile commerce
- 6. Angela Sheng, Director of Confucius Institute**
And Min Cheng, Confucius Institute/Beijing Linguistics and Culture University
Brief introduction of the new CI and upcoming events (see attached poster and documents)
- 7. Chang-Qing Xu, Engineering Physics**
Fiber Optical sensors
- 8. Zhou Xing, Pathology**
Microbial & Immunology (TB cure)
- 9. Yingfu Li, Biochemistry and Biomedical Sciences/Biology**
Innovation with DNA
UWO Chinese faculty multidisciplinary research symposium Update
Future symposiums: Waterloo 2010, Toronto 2011,
 McMaster 2012 (off campus location, research retreat format)
- 10. Qiyin Fang, Engineering Physics/Biomedical Engineering**
Biophotonics at McMaster
- 11. Gu Xu, Material Sciences and Engineering**
Novel X-ray imaging method, biofuel cells and organic electronics
Closing comments

(also attending with no time to speak: Peidong Wu, Shui Feng, Rong Zhu, Jun Chen, Hongjin Sun)

Notice:

**Chinese Cultural Week on October 13 to 17 organized by the Confucius Institute
Details to follow in separate e-mail**
